Trees and Soil Compaction:

A Selected Bibliography

by Dr. Kim D. Coder, School of Forest Resources, University of Georgia June 2000

Soil compaction is one of the most common constraints on tree growth in the developed landscape. This publication provides a selected list of recent publications which provide descriptions, definitions, and treatments for soil compaction as it relates to landscapes and trees.

Abercrombie, R.A. 1990. Root distribution of avocado trees on a sandy loam soil as affected by soil compaction. Acta Horticulturae. 275:505-512.

Alberty, C.A., Pellett, H.M., & Taylor, D.H. 1984. Characterization of soil compaction at construction sites and woody plant response. Journal of Environmental Horticulture 2(2):48-53.

Barber, R.G. & Romero, D. 1994. Effects of bulldozer and chain clearing on soil properties and crop yields. Soil Science Society of America Journal. 58 (6):1768-1775.

Coder, K.D. 1998. Root growth requirements and limitations. University of Georgia Cooperative Extension Service Forest Resources Publications FOR98-9. 7pp.

Coder, K.D. 1998. Soil constraints on root growth. University of Georgia Cooperative Extension Service Forest Resources Publications FOR98-10. 8pp.

Corns, I.G.W. & Maynard, D.G. 1998. Effects of soil compaction and chipped aspen residue on aspen regeneration and soil nutrients. Canadian Journal of Soil Science. 78(1):85-92.

Craul, P.J. 1994. Soil compaction on heavily used sites. Journal of Arboriculture 20(2):69-74.

Day, S.D. & Bassuk, N.L. 1994. A review of the effects of soil compaction and amelioration treatments on landscape trees. Journal of Arboriculture 20(1):9-17.

Day, S.D. Bassuk, N.L. & VanEs, H. 1995. Effects of four compaction remediation methods for landscape trees on soil aeration, mechanical impedance and tree establishment. Journal of Environmental Horticulture. 13(4):64-71.

Donnelly, J.R. & Shane, J.B. 1986. Forest ecosystem responses to artificially induced soil compaction. I. Soil physical properties and tree diameter growth. Canadian Journal of Forest Research 16 (4):750-754.

Gilman, E.F., Leone, I.A., & Flower, F.B. 1987. Effect of soil compaction and oxygen content on vertical and horizontal root distribution. Journal of Environmental Horticulture 5(1):33-36.

Greene, T.A. & Nichols, T.J. 1996. Effects of long-term military training traffic on forest vegetation in central Minnesota. Northern Journal of Applied Forestry. 13 (4):157-163.

Helms, J.A. & Hipkin, C. 1986. Effects of soil compaction on tree volume in a California ponderosa pine plantation. Western Journal of Applied Forestry. 1(4):121-124.
