

Dr. Bonnie Lee Appleton

November 18, 1948 - July 21, 2012

Anyone who met or worked with Bonnie quickly realized what an amazing person she was. She had a passion for horticulture and arboriculture, and shared that enthusiasm with all who knew her. She was known internationally as an author of five major books, 30 industry journal articles and more than 800 articles for newspapers and trade and consumer publications. The Bonnie Appleton Fund and Scholarship Program will be a tribute and legacy for all of Bonnie's accomplishments.

Bonnie received her B.S. in Plant Science and her M.S. in Ornamental Horticulture from the University of Delaware. She earned her Ph.D. in Crop Science/Nursery Management at Oklahoma State University. As a Professor of Horticulture and Extension Nursery Specialist, Hampton Roads Agricultural Research and Extension Center, Virginia Tech University, Virginia Beach, VA from 1985 to 2010, she mentored more than 60 master's students. Appleton developed an innovative, nationally recognized Extension program which focused on the development and delivery of research-based technology, and production and management strategies for the nursery, landscape and arboriculture industries.

Over the years, she earned many awards including:

- MAC-ISA Lifetime Achievement Award, 2011
- Conferred as Professor Emeritus, Virginia Tech Board of Visitors, 2010
- American Society for Horticultural Science Extension Materials Award, 2007 and 2008
- Award for Outreach Excellence, Virginia Tech College of Agriculture and Life Sciences, 2007
- Certificate of Teaching Excellence, Virginia Tech College of Agriculture and Life Sciences, 2006
- Southern Group of State Foresters Urban Forestry Award for Partnership, 2004
- Scenic Virginia's Most Creative Scenic Improvement Award, 2004
- Nursery Extension Award, American Nursery and Landscape Association, 2003
- Alex Shigo Award for Excellence in Education, International Society of Arboriculture, 2000

Her areas of research included:

- Utility easement-compatible trees and shrubs; development of utility line arboreta;
- Landscape installation systems – wire basket modification; tree stabilization (staking vs. root ball anchoring);
- Tree wounds vs. % of tree girdled;
- Bare rooting trees at transplant; root “washing” at transplant;
- Viability and usefulness of mycorrhiza inoculation, and
- Using trees for phytoremediation.

Bonnie was a facilitator who brought together arborists, horticulturalists, nursery personnel and utility professionals to work collaboratively to solve industry issues. The tree care industry will continue to benefit from all of her hard work and research. This scholarship will help support worthy students continuing in her footsteps to benefit the green industry.

Bonnie Appleton Memorial Fund

Supporting scholarship and research in urban forestry, arboriculture, horticulture and nursery management

Join MAC-ISA and Trees Virginia in a lasting tribute to Dr. Bonnie Appleton's contributions to horticulture and arboriculture education and research.

The Bonnie Appleton Memorial Fund was recently established at the TREE Fund to honor Dr. Appleton's passion and advocacy for horticulture and arboriculture education and research.

Your gift will help us reach our goal of \$100,000 to support an endowment for scholarships for undergraduate students. Scholarships will begin to be awarded after reaching this initial goal.
