& cooling costs
- Clean the air
& provide
oxygen

Share the
fun of planting
with your family

- Join in America's #1 hobby
Gardening!
- Teach your kids about
nature in your
own backyard

Trees Add Life!

Follow these easy steps to success!

1

Select a tree that meets your needs and fits the site. Ask your nursery professional,

2

Dig a wide, shallow hole.

4

Water in slowly.

3

For containers, loosen root mass before planting.

For balled-and-burlapped trees, be careful to keep the ball intact.

Add a thin layer of mulch.
